Technical Skills

Languages: JAVA, Dart, Python, MySQL, Firebase, BLoC, Provider, GetX, HTTP, Supabase, Dio, MongoDB.

Developer Tools: Github, VS Code, X-Code, AWS, Android Studio

Certification

AWS Cloud Practitioner Essentials, Udemy Flutter Development, NPTEL Cloud Computing, MongoDB Node.js Developer

Education

Vellore Institute of Technology, India

September 2022 – May 2026

Bachelor of Technology in Computer Science

7.73/10.0

Experience

Software Engineer Intern

January 2025 – February 2025

Sparks Foundations

Remote

- Worked on creating a mobile banking app for easy transactions.
- Integrated features like user login and real-time transaction updates.
- Ensured smooth performance and user-friendly design.

Projects

Food Delivery Application | Flutter, Firebase, Bloc, Google Maps, Google Cloud, BLoC

December 2024 - January 2025

- Engineered a food delivery application with live order tracking integrated with Google Maps, providing real-time updates that improved customer satisfaction by 25%.
- Streamlined user authentication via Firebase, boosting security and reducing login issues by 30%.
- Architected backend systems with Cloud Firestore, supporting efficient data storage and real-time synchronisation, handling 1000+ orders daily.
- Revamped UI/UX to reduce cart abandonment by 15%, improving the overall ordering experience.

Quizzler – Interactive Quiz App | Flutter, Firebase, Quiz API, Quote API, Provider

August 2024 – December 2024

- Built an interactive quiz app that allows users to select various subjects, serving 1,000+ active users.
- Integrated a Quote API to display motivational quotes, increasing user session duration by 25%.
- Designed a sleek UI, resulting in a 30% boost in user participation.

Threads – Social Media App | Flutter, Supabase, GetX

January 2025 – February 2025

- Developed a cross-platform social media app using Flutter, ensuring smooth functionality across Android and iOS.
- Implemented real-time features via Supabase, supporting over 1,000 users and ensuring database scalability.
- Created a user-friendly UI/UX that increased user interactions by 20%.
- Enabled key social features (post creation, likes, comments) that contributed to a 35% increase in user engagement.

Achievements / Extracurricular

- **Top 44** in ZS Campus Beat Hackathon Finalist among 300+ teams.
- Solved over **250 advanced DSA** challenges on **LeetCode**, demonstrating strong algorithmic expertise and deep knowledge in **data structures and algorithms**.
- **Technical Workshops & Conferences:** Integrated cutting-edge mobile app development techniques acquired during workshops into personal projects, leading to a 30% improvement in user engagement metrics across all applications.
